Check out just how versatile and durable our Tazer Alloy eBike is. Will Soffe, of MBUK magazine, set himself the challenge of riding all of the trails at BikePark Wales in just one day using our Tazer Alloy. The challenge comprised of 47. descending trails, six climbing trails, over a total distance of 105km, with 604 individual jumps, 4,168m of vertical descent and a total of 6 hours 48 minutes moving time. A full-on, non-stop day of riding and the Tazer Alloy took it all in its stride.
