

BMC

CG 39 Wheelset

Carbon Gravel 39

Perfect Pairing

The Kaius 01 TWO has been one of our most popular bikes to date, and for good reason. It is lightning fast, with incredible geometry and loves to win. So, it is only appropriate that we pair this with an equally amazing set of wheels. Every high-performance gravel bike, needs a high-performance set of wheels.

Introducing the CG 39

Carbon Gravel 39

At BMC, we take every part of the bike very seriously, and by adding our own designed wheels, you know we mean business. The CG 39 offers something new to the Kaius 01 TWO, a new edge that offers an improved ride experience, regardless of the terrain, conditions or how your legs are feeling.

The new wheels bring out the best in the Kaius 01 TWO, unlocking a pure unequivocal Kaius ride experience. This all leads to unbound speed and tremendous fun whilst winning.

All the ingredients that we crave in a set of wheels are there; light, fast and strong. We have tested these wheels with some of our fastest riders and we have put it through its paces.

Warranty & Crash Replacement

In the event of material or manufacturing defects, BMC will repair or replace at their discretion, your product free of charge. The following conditions apply:

INTENDED USE - GRAVEL Riding : This represents the use of CG 39 wheels on mixed terrain of paved and unpaved surfaces with slight gradients. The tires may briefly lose contact with the ground when riding over drops or bumps of up to 15 cm high.

1. LEGAL WARRANTY: VALID FOR CG 39 WHEELS

- All CG 39 wheels are covered by a legal warranty period of **2 years** from the date of bicycle purchase.
- During this period, BMC will repair any material or manufacturing defects free of charge.
- Please keep your original BMC bicycle or sales receipt, as it must be presented to make a warranty claim.
- The warranty excludes wearing parts such as ball bearings, tubeless ready tape, tubeless valves, etc.
- Proper use and adherence to assembly, handling, and maintenance instructions are necessary for warranty coverage.
- Modifying the product or using incompatible parts will void the warranty.
- The product's serial number must be clearly identifiable.
- The damaged wheel(s) becomes the property of BMC.
- BMC is not liable for indirect or consequential damage, but your statutory rights remain unaffected.
- The place of performance and jurisdiction is Grenchen, Switzerland, governed by Swiss law.

2. EXTENDED GUARANTEE: ON CG 39 WHEELS

- When you register your BMC bicycle (via the BMC companion App) specified with the CG 39 wheels, your warranty is extended to **5 years** (same as the frameset)
- The original purchase receipt must be provided with the claim.
- All other points from 1 LEGAL WARRANTY (above) must also comply

3. CRASH REPLACEMENT

We know that there are some days on the bike when the worst can happen. In the event of a crash or accident, we will replace your CG 39 wheel at a fair price. The following conditions apply:

- **CG 39 Cost per wheel: CHF 300 / EUR 300 / USD 300**
- **Includes: new rim, hub, nipples and tubeless tape.**
- **Excludes: return shipping costs after repair.**
- Our crash replacement program is valid for original registered BMC bicycle purchasers over a period of 5 years from the purchase date.
- The original bicycle purchase receipt must be provided with the claim.
- The wheel must have a clearly recognizable serial number.
- The wheel must not be modified or used with incompatible parts and the maximum system weight should not be exceeded.
- The defective product becomes BMC property.

BMC CG 39 crash replacement policy does not cover:

- Damages due to improper storage or transport, likewise aesthetic abnormalities or changes with the wheels.
- Worn parts such as ball bearings, freehub bodies, spokes, are excluded.

WHAT TO DO IF YOUR CARBON WHEEL IS DAMAGED?

To make a warranty or crash replacement claim, please contact your BMC local dealer.
